

ScanSnap SV600

ScanSnap Scanners SV600

- Overhead scanner with one touch operability for PC and Mac
- Scan a multitude of everyday documents including loose paper, bound material and delicate items
- Multi cropping capability allowing for scanning of various documents at the same time
- Continuous scanning capability with "page turning detection" and "timed scanning"
- "VI technology" helps minimise any unevenness in image quality
- Correct distortion and curvature of bound material with "Book Image Correction"
- Small footprint and robust design allows for easy positioning in any environment

ScanSnap SV600

shaping tomorrow with you

A New Perspective on Scanning

Intuitive, versatile and unique scanner for instant digitisation

Digitise anything with ease

The ScanSnap SV600 allows you to scan newspapers, bound documents, magazines or books without the need for cutting or causing damage.

Scan anything from business cards to A3 size (landscape)* documents

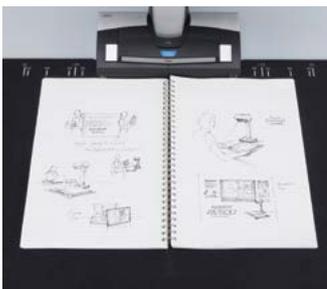

Any documents larger than A4 such as maps, historical documents and blueprints can be simply positioned on the black pad and scanned directly without any extra effort. User interaction retouch tool allows the possibility to hold the document in a good position without worrying about fingers on the scanned image.

* The maximum document size will be 400 x 300 mm when the thickness of the document is over 5 mm

No problem scanning bound documents

The SV600 can comfortably scan books and magazines and also documents with sticky notes can be scanned without any issues.

No need to worry about your delicate documents or books

With "VI technology", scanning can be performed without touching the document. You do not need to worry that documents such as crayon or oil paintings, pencil writings or photos will be damaged by touching.

New VI technology

Equipped with "VI technology" which combines a 'deep depth of field lens', a 'CCD linear image sensor' and a 'high directivity LED lamp' the SV600 is able to comfortably minimise any unevenness in image quality and generate a smooth image even when scanning from a distance.

Overhead structure

Long depth of field lens

Wide auto focus area even when the focus distance is variable

CCD linear image sensor

Helps produce smooth images

The SV600 scans documents with a movable head and incorporates a High directivity LED lamp. Helps maintain the same brightness level without any impact from surroundings

Rack2-File Smart

Windows OS only

Rack2-File Smart is a feature-rich scanning and content viewing application incorporating an ultra-intuitive bookshelf and binder interface that gives users a familiar and enjoyable interaction with their scanned paperwork.

Smooth operation with the assistance of various functions

The SV600 is enhanced with a host of customised features which helps continue ScanSnap's concept of being simple, speedy and compact.

Quick Menu facilitates operability

ScanSnap's Quick Menu will automatically pop up after scanning enabling you to link your scanned data to an application both quickly and easily, scan directly to the cloud for example thereby easily sharing your documents.

Automatically crop several documents with "Multiple Document Detection"

In just one touch you can capture multiple documents of differing sizes in just one scan pass. Place several business cards, receipts and photos within the scanning area and the SV600 will capture all the documents and will intelligently crop to the exact size.

*Up to 10 documents can be cropped automatically. At least 15 mm is needed between documents.

Fast start up time and scanning speed lead to time savings and efficiencies

The SV600 can be ready to scan in no time from power up and just 3 seconds is then required to scan an A3 landscape sized document.

Compact design with a small footprint

The SV600 is incredibly robust with a firm footing and is compact enough to enable efficient usage of your workspace without imposing to your daily routines when not in use.

Windows OS only

ScanSnap SV600 includes Rack2-File Smart and Magic Desktop

ScanSnap SV600 offers a unique and intuitive way to scan your books, magazines and newspapers to your e-reading devices. It comes bundled with filing software Rack2-File Smart and Magic Desktop with which you can easily generate, virtually organise and read your own scanned material.

Step 1

Scan with one touch!

With a host of impressive features, you can continuously scan multiple pages smoothly.

Page Turning Detection

Automatically detect when the page is turned.

Timed Mode

- You can set the time to start scanning after the "Scan" button is pressed.
- For continuous scanning you can set the time interval before the next scanning to begin.

Step 2

Auto image correction; enhances the reading experience

Book Image Correction – Automatically correct distortion caused by the curve of an opened book or magazine. You can confirm and fine tune the scanned images on the preview dialog after scanning or have this be performed automatically.

Book Image Correction
Can easily correct distortion of the document.

User interaction retouch
Finger images scanned while suppressing the document can be deleted with ease.

Step 3

Go paperless with digital filing

The new feature of "Rack2-File Smart", "Easy book creation", is especially added for SV600. You can divide pages and create thumbnails using the scanned front and back cover of the book after scanning.

Rack2-File Smart

Easy Book Creation

Step 4

Organising and Viewing on the go

Carry your scanned documents with you anywhere and anytime; you can conveniently browse your scanned digitised material from your tablet or Smartphone. "Rack2-File Smart" manages and organises all your scanned images while providing you with the functionality to utilise data in many ways.

ScanSnap SV600 Specifications

Product name	ScanSnap SV600		
Scanner type	Overhead system, simplex scanning		
Scanning modes	Colour, Grayscale, Monochrome, Automatic (Colour / Grayscale / Monochrome detection)		
Image sensor	Lens reduction optics / Colour CCD x 1		
Light source	(White LED + lens illumination) x 2		
Optical resolution	Horizontal scanning: 285 to 218 dpi / Vertical scanning: 283 to 152 dpi ^{†1}		
Scanning speed^{†2} (A3 Landscape)	Auto Mode ^{†3}	"Better mode" ^{†4} or "Best mode" ^{†4} : 3 seconds / page	
	Normal mode	Colour / Grayscale: 150 dpi, Monochrome: 300 dpi 3 seconds / page ^{†4}	
	Better mode	Colour / Grayscale: 200 dpi, Monochrome: 400 dpi 3 seconds / page ^{†4}	
	Best mode	Colour / Grayscale: 300 dpi, Monochrome: 600 dpi 3 seconds / page ^{†4}	
	Excellent mode	Colour / Grayscale: 600 dpi, Monochrome: 1,200 dpi 3 seconds / page ^{†4}	
Document size / Document thickness	Automatically recognises document size, A3(landscape), A4(landscape), A5(landscape), A6(landscape), B4(landscape), B5(landscape), B6(landscape), Post card, Business card, Double Letter(landscape), Letter, Legal(landscape) and Customised size (Max: 432 x 300 mm, Min: 25.4 x 25.4 mm) ^{†5} / 30 mm or less		
How to start scanning^{†6}	Select one of the following. 1. Normal scan: Press "Scan" button for every page 2. Timed Interval Scanning (Timed Mode) / 3. Page turning detection		
Interface^{†7}	USB2.0 / USB1.1 (connector: B type)		
Image processing functions	Deskew by text on document / Auto paper size detection, Auto image rotation / Auto Colour detection, Book image correction ^{†8} / Multiple document detection ^{†9}		
Magnification in vertical scanning (length)	±1.5%		
Power requirement	AC 100 to 240 V, 50 / 60 Hz		
Power consumption	During operation: 20 W or less / During sleep mode: 2.6 W or less / During standby: 0.4 W or less		
Operation environment	Temperature: 5 to 35 °C (41 to 95 °F) / Relative humidity: 20 to 80 % (Non-condensing)		
Dimensions (W x D x H), Device weight	210 x 156 x 383 mm / 3.0 kg		
Environmental compliance	ENERGY STAR ^{†10} / RoHS ^{†10} / Ecodesign ^{†11}		
Driver	Specific driver (Does not support TWAIN / ISIS ^{†12})		
Compatibility	Windows 8, 7, Vista and XP. For MAC OS ^{†13} please refer to http://scansnap.fujitsu.com/g-support/en/		

^{†1} Optical resolution differs due to different scanning angle on the same document.

^{†2} Scanning speed may vary due to the system environment used.

^{†3} Switch between "Better mode" and "Best mode" depends on the length of the document. A4 (portrait): 200 dpi, A6 size or below: 300 dpi

^{†4} Time between actual start of scanning (scanning pad) and finish scanning.

^{†5} For documents of thickness over 5 mm, the maximum document size is 400 x 300 mm.

^{†6} When performing continuous scanning, time is needed for the scanning head to return to its original position.

^{†7} Compatible with USB3.0 port but connection will run as USB2.0 speed.

^{†8} Automatically correct distortion caused by the curve of an opened book or magazine.

^{†9} Digitise multiple documents by automatically cropping several documents in one scan.

^{†10} PFI LIMITED, a Fujitsu company, has determined that this product meets RoHS requirements (2011/65/EU)

^{†11} PFI LIMITED, a Fujitsu company, has determined that this product meets Ecodesign Directive requirements (2009/125/EC)

^{†12} MAC software available as a download only please visit <http://scansnap.fujitsu.com/g-support/en/>

^{†13} The software is available to be downloaded from ScanSnap website.

	Purpose	Software	PC Compatible	MAC Compatible
Bundled software	Scanner driver	ScanSnap Manager ^{†12}	✓	✓
	File management	ScanSnap Organizer	✓	
		ScanSnap Organizer Preview ^{†12}		✓
	Business card management	CardMinder™	✓	✓
	PDF editing	Adobe® Acrobat® Standard	✓
